Heaven Green Energy Ltd.

H/O: Surat, Gujarat.

PM Surya Ghar: Muft Bijli Yojna

Do You Also Want 300 Units of Free Electricity ?

So Install Solar At Home And Avail

78,000 Subsidy

Under The Pm Surya Ghar Free Electricity Scheme

About Heaven Green Energy Ltd.

Heaven Green Energy Limited, founded in 2017, is a leading name in the solar energy sector. With a strong team of over 60 skilled engineers and technicians, the company has built a reputation as a prominent dealer of Adani Solar products. Specializing in solar rooftop systems, Heaven Green has successfully installed more than 10,000 systems in the residential sector alone. Committed to delivering comprehensive, end-to-end solar solutions, Heaven Green Energy caters to residential, commercial, and industrial clients. From documentation assistance to subsidy facilitation, and from seamless installation to long-term operations and maintenance (O&M), the company ensures a hassle-free transition to solar energy. Its customer-centric approach guarantees a smooth experience, from the initial consultation to the efficient management of solar power systems. With a vision for a sustainable future, Heaven Green Energy continues to lead the way in revolutionizing India's solar energy landscape.

WHY HEAVEN SOLAR ?

- ✓ Govt. Authorised Vendor
- ✓ 10+ Year of Experience
- ✓ 150+ Team Members
- ✓ 10,000+ Solar Installations
- ✓ Present in 20+ City
- ✓ Manufacturer of Qbits Solar Inverter
- ✓ Official Channel Partner of Adani Solar

Bill of Material

Sr No.	Item	QTY	Unit	Brands
1	Solar Panels (PV Modules)	1	Set	As specified in Quote
2	Solar String Inverter	1	Nos	As specified in Quote
3	Standard Apollo Structure As Per Site Requirement	1	Set	Apollo
4	Protection Devices			
4.1	ACDB (IP65) With SPD, MCB DCDB (IP65) - With SPD, MCB	1	Nos	Simmens/L &T/ polycab/ schneider
5	Cables			
5.1	DC Solar Copper Cable, XLS-R, UV RESISTANT, 1100V Grade, Double Insulated	10	Mtr max	Polycab
5.2	AC Solar Copper Cable, XLS- R, UV RESISTANT	30	Mtr max	Polycab
5.3	Copper Earthing wire for AC & DC	60	Mtr max	Polycab
5.4	16 SQ MM Aluminium Wire For Lightning Arrestor	30	Mtr max	Standard
5.5	UPVC Conduit Pipe for wiring	1	Set	Astral/Polycab
6	Earthing / LA - lightning arrestor			
6.1	Copper Coated Earthing Rod for AC / DC & LA	3	Set	Standard
6.2	1 Meter copper LA with 3 spike & insulator	1	Set	Standard
7	Data Logger			
7.1	Wifi Stick: Data Logger for Online Monitoring	1	Nos	As per inverter
8	Other Accessories			
8.1	Cable tie, SS304 300mm (100Pcs/Pkt)	1	Set	SS304
8.2	Ferules & Cable Tags	1	Set	Standard
8.3	Lugs Ring Type As per wiring requirements	1	Set	Standard

*Above Qty and Brand may vary as per the site requiriements and material availability.

Solar Panels are A 30+ Year Investment, so Invest in A Robust, Premium-Quality System.

Choose high-quality and branded equipment, prioritize quality over low prices.

The Table Below Shows The Difference Between Other Companies And Heaven Green.

	Heaven Green	Low-cost Company
Warranty	Government Authorized Channel Partner	May Be An Agent or Distributor.
Panel	Uses High-Efficiency And Full-voltage Solar Modules (Rayson / Adani Panels)	Uses Low-efficiency And Under-voltage Solar Modules.
Inverter	We Are The Manufacturers	Buys From Local Distributors And Provides Distributor-backed Warranty.
Structure	40x40, 60x40, 50x50 With 2mm Thickness Using Hot-dip Galvanized. (apollo Pipes)	32x32 Pipes With 1.7 Mm Thickness, And 40x40 Pipes With 1.6 Mm Thickness.
Panel Fitting	Uses J-hooks And Ss 304 Nuts & Bolts	They Do Not Use J-hooks, And If They Do, They Use Gi Ones.
Wire	We Use A-grade Wires From Polycab, Havells, And Rr Cables.	Uses Duplicate, Under-grade Wires of Running Brands.
PVC Pipe	Uses High-quality Pipes From Astral.	Uses Pipes From Local Companies.
AC/DC Box	Uses L&T And Polycab Mcbs And Lp65 Standard Company Boxes.	Rs.10 Fuses And Locally Made Plastic Boxes.
Earthing Rod	Ses Copper-bonded Earthing Rods With 50–60 Microns Coating.	Uses Gi Earthing Rods.
Cable Tie	Uses Ss (stainless Steel) Cable Ties	Uses Light (low-grade) Plastic.
Service	Provides Service Within 24 Hours.	They Say It'll Be Done In 3 Days, Then Take No Responsibility.
Structure & 3D Design	We Provide The 3d Design And High Quality Wind Proof Structure	They Not Provide 3D Design

Be Smart, Adopt Solar - 63 90 40 50 60

General Terms & Conditions

- ❖ Any structural change after installation will be charged extra.
- ❖ Only solar equipment is included; any extra DISCOM protection must be arranged by the customer.
- ❖ The earthing location must be finalized once and cannot be changed. Inverter location will be decided by the site engineer.
- ❖ If a DG or inverter backup is used, it must be informed in advance. Reverse-power protection will be charged separately if required.
Material supply and installation will start only after DISCOM approval.
- ❖ If DC capacity changes due to material variation, charges will be recalculated as per the agreed per-watt rate.
- ❖ For better performance, panels should be cleaned with water twice a week.
- ❖ After delivery, the material is entirely the customer's responsibility.
- ❖ The customer must arrange a table or ladder during installation.
- ❖ Concealed wiring will be done only if possible; otherwise, the customer's electrician must complete it using company material.
- ❖ No arguments with technicians; contact the company for any issues.
- ❖ Regular panel cleaning is the customer's duty. Low output due to dirt may result in visit charges.
- ❖ The company is responsible only for power generation, not for any DISCOM billing disputes.
- ❖ After delivery, the customer is responsible for plant security and operation.
- ❖ The company is not responsible for any accidental or intentional damage to the equipment.
- ❖ Equipment is under warranty; the company only assists in warranty claims.
- ❖ If DISCOM power fails, solar power generation will stop.
- ❖ After order confirmation, no cancellation charge or name change is allowed and the token is non-refundable.

Payments Terms & Conditions

- ❖ At The Time of Registration, The Customer Must Pay A 30% Advance Token Amount.
- ❖ After Approval, The Customer Pays The Remaining 100%, Excluding The Token.
- ❖ Installation Starts Only After Full Payment of The Remaining Amount.
- ❖ Solar Subsidy Goes Directly To The Customer's Account, The Company Assists, But Any Delays/issues Must Be Resolved By The Customer With DISCOM.

10,000+ Satisfied Customers

Rahulbhai Patel

A Great Team! Great customer support from beginning to end of the process. The team are really informed and go the extra mile at every stage. it was best ever experience with the heaven team, definitely Satisfied with heaven's work. would recommend them unreservedly.

Sanjaybhai Parmar

Good Experience,
My house is surrounded by three sides as structures having g + 3
The engenieer visit site and give us design accordingly but unfortunately we are not ready for solar system due to financial

Nagjibhai Rathod

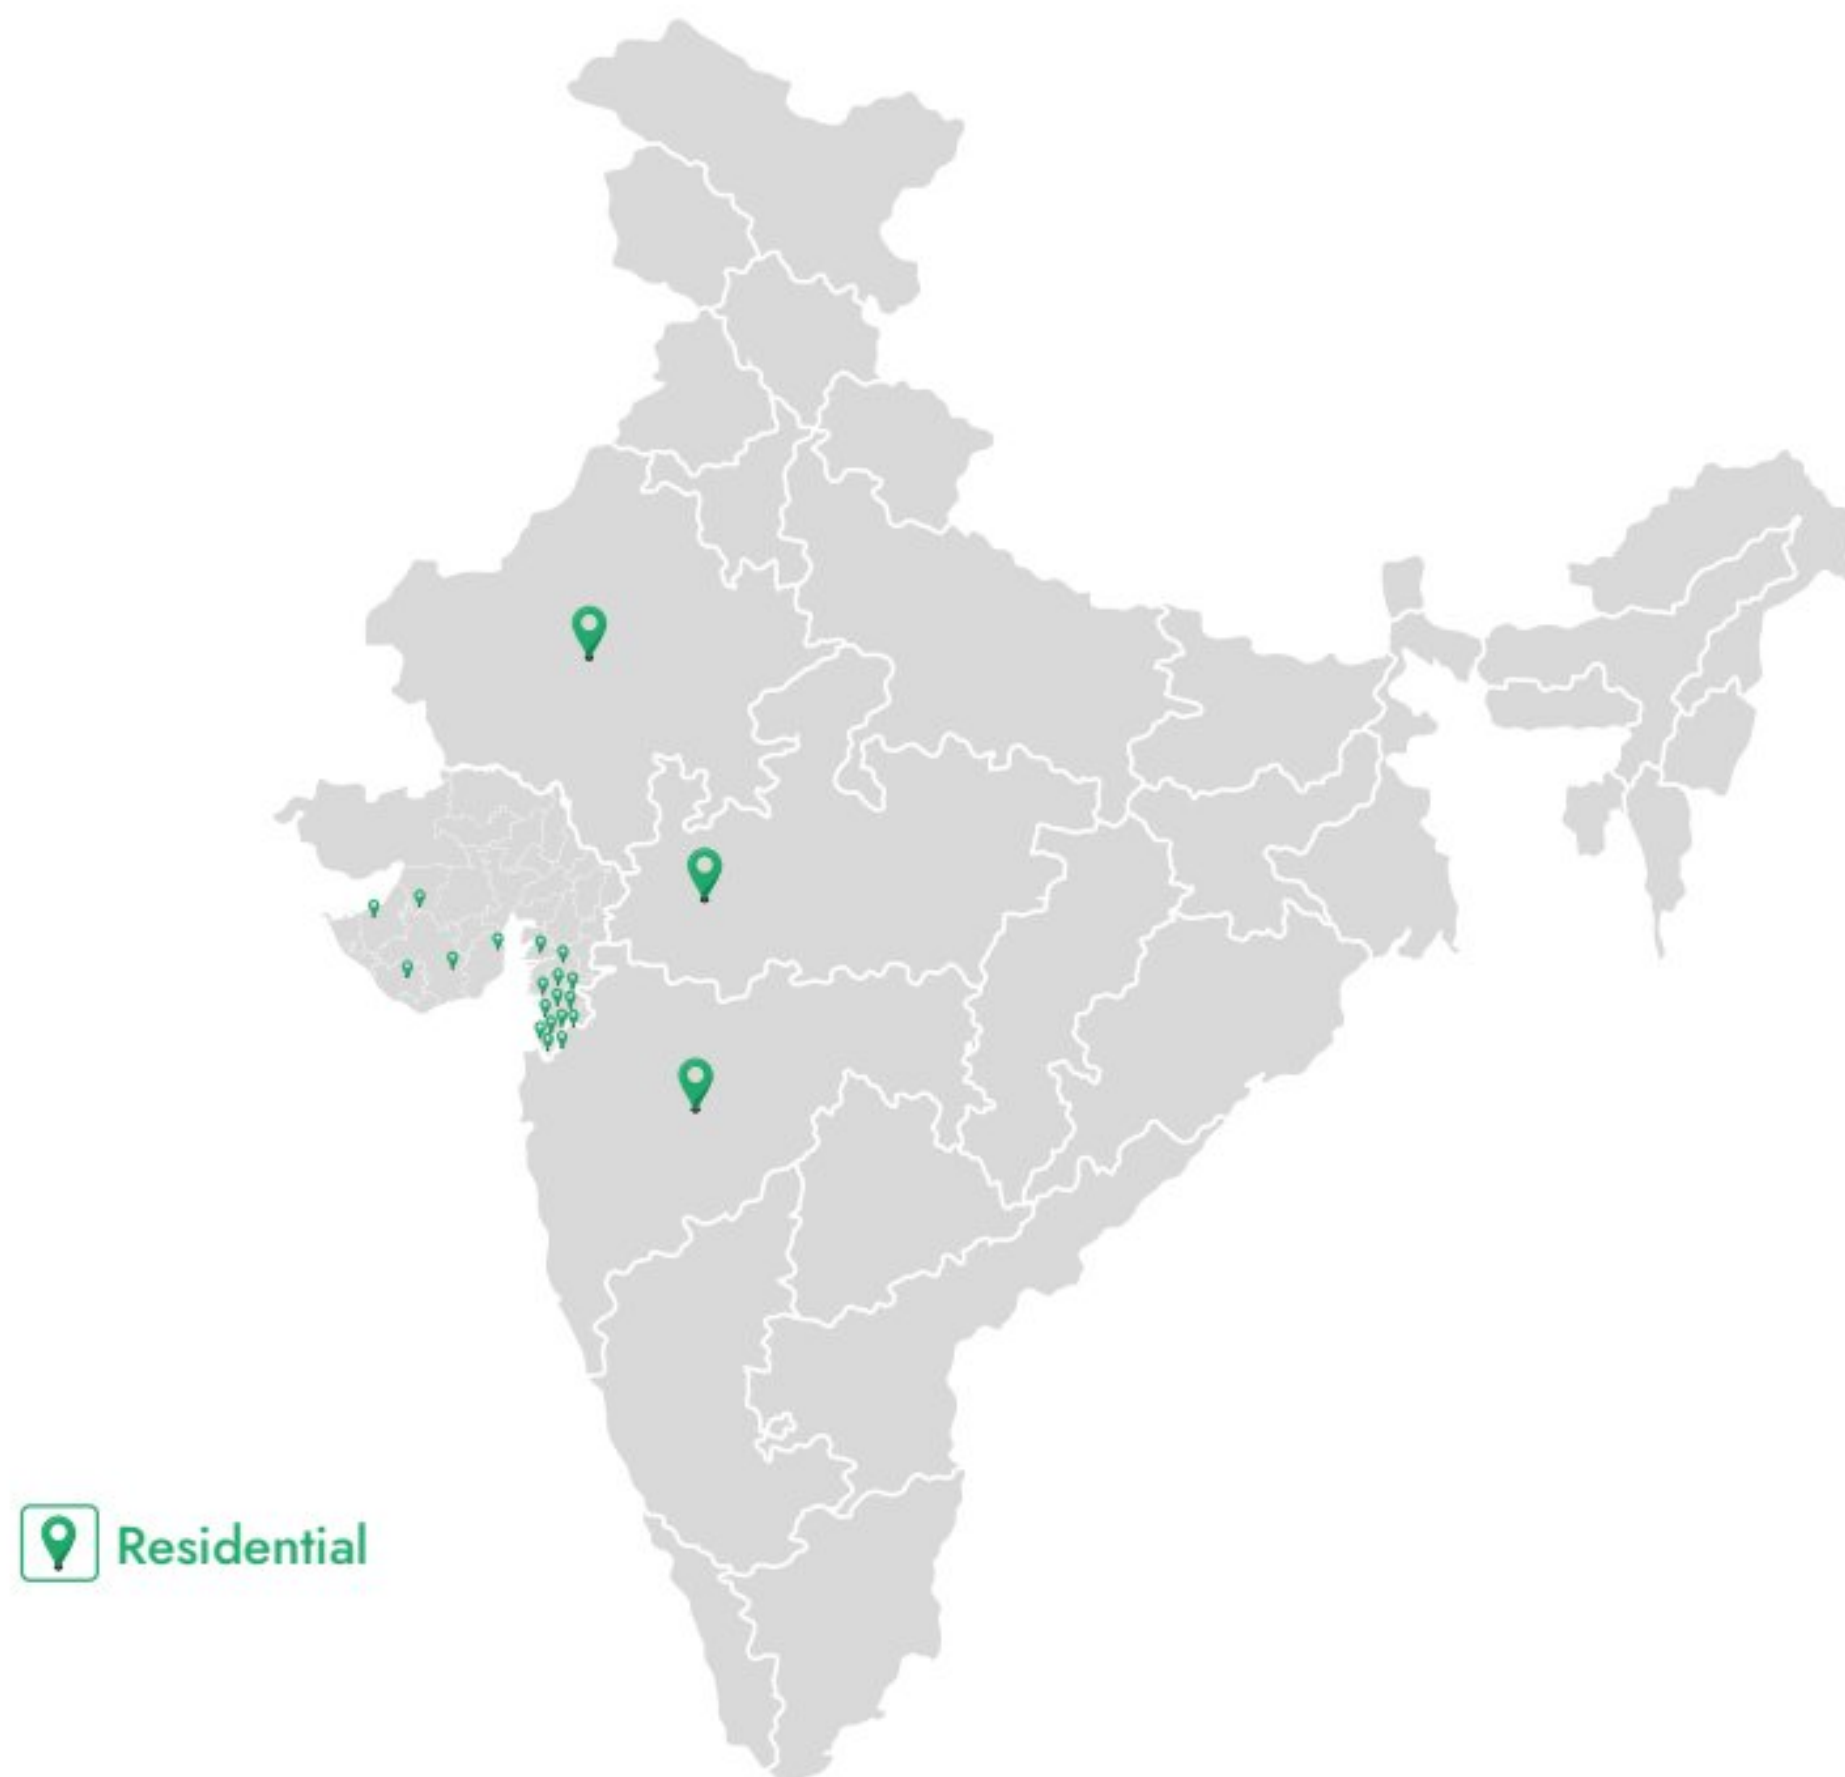

The solar panels and equipment are top-quality, and I've already seen a notable drop in my energy bills. The installation was efficient, seamless, and visually appealing. Thank you for providing an exceptional solar energy solution.
